

Webinars from RWK Goodman

Self-Audit Training

8 October 2026 10:00am to 11:00am | Webinar

With licence revocations within the sector on the increase, it is essential that providers are aware of their sponsor duties and review their systems and processes in advance of any compliance visit or request for information from the Home Office.

This session will include provision of a checklist for providers to use in carrying out an audit of their own compliance. The webinar will work through the checklist and provide practical guidance to help with checking things like recording keeping, right to work checks and general licence compliance.

Compliance and Sponsor Duties

29 October 2026 10:00am to 11:30am | Webinar

As a follow on to the self-audit training session, this webinar will provide more detailed information about sponsor duties and guidance on the key risk areas. With revocations and requests for information from the Home Office increasing, it is essential providers are fully compliant. The Home Office takes the view that sponsorship is a privilege not a right and non-compliance can lead to the licence being revoked.

During the webinar, immigration specialists from RWK Goodman will explain the obligations in relation to record keeping and reporting and flag the systems and processes providers need to have in place to ensure compliance.
